4.3-Inch Intelligent Face Recognition Access Control System All-In-One Office Face Recognition Punch-In System

Model No.: KI-S1000K

Display	4.3-inch LCD touch screen
Camera	Binocular live 2-megapixel dynamic camera
Face capacity	2000
Card swiping capacity	2000 cards
User capacity	8000
Communication method	U disk+TCP/IP+WiFi
Wiegand signal input	WG34 (can be connected to an external reader)
Wiegand signal output	WG34 (RFID Access Reader)
Product size	191x90x22mm
Recognition speed	0.1 seconds
Operating system	AI intelligent control system
Opening method	face/password/swipe card
Password capacity	2000
Record capacity	100,000
Identification function	department + job number + name
Magnetic card type	IC card
Working temperature	-10°C~60°C.
Language display	Chinese/English convertible
Working power supply	DC: voltage 12v 3A/5A current: 210mA/350mA
Recognition distance	0.5~3 meters for dynamic face recognition, 0.5~1.5 meters for binocular live detection

2000 sheets
